Cindy-

My previous response is not totally correct. The attached files you provided have not been reviewed or approved. This is the first time I have seen these and it is apparently a R8 product.

Regarding the appendices you sent in your subsequent email, it looks like what I had reviewed & approved is the QAQC section, which is attached. It has undergone re-formatting and the data table is now included, which was reviewed and approved (as attached).

 Have you reviewed and approved this report? I will forward the appendices next.

All -- attached is the penultimate draft of the Summary of Data for the Phase V sampling. Some charts are still being worked, but this is otherwise complete. Also, please let me know if you want the appendices.

All here but the figures, which are still being worked on. I am not including the appendices, unless you want to see them. Please return comments to me in hard copy or track changes. Thanks.
